### Purpose:
This document has been established to track the Taskforce’s system or agency recommendations as guided by the Alameda County Board of Supervisors’ Resolution. The approach to the development of county recommendations was adopted on July 28, 2022. This document is a dynamic reference point that will reflect the discussion by the task force to approve recommendations as final for inclusion into the agency and county and final workplan.

### Summary CFJL Taskforce Preliminary Recommendations to Date:

**NOTE:** County Departments will be required to submit more comprehensive plan details, including project/program information, financing, duration (short-term, medium-term, and long-term), and related measures of success (metrics) with evidence of an equity, outcome, and data-driven framework; which involves interagency coordination. These plans will inform and assist in the development of a Countywide plan that fosters cross-agency collaboration with non-county organizations and stakeholders (References: CFJL Task Force July 28, 2022 and August 25, 2022).
